RF: ...(TAPE BEGINS)...This is Investigator Ryan Flores with the Knoxville Police Department, Violent Crimes Unit. We're interviewing a Lemaricus, L-E-M-A-R-I-C-U-S Davidson, D-A-V-I-D-S-O-N, 06/13/81. This interview is being conducted at the Knoxville Police Department, CID. Also in the interview is Agent Woody Webb, ATF. Uh...this is in reference to Case number 06...or...excuse me 07-001049. It is January 11, 2007, at...uh...4:15 pm. Lemaricus, you understand you are under arrest. You...now you got a warrant on you...uh...actually it's an attachment for failure to appear I think on...on several driving charges okay. That's what you are being charged with, alright. In order for me to talk to you I gotta read you your rights and make sure you understand them. It's just a formality, alright.

LD: I know my rights you ain't gotta read my rights I know my rights.

RF: I've got to. It's...it's just our policy. Okay we'll breeze through it real quick. But I...I have to read it to you alright. And like I...and it's...it's for your protection. I want to make sure you understand them. Alright. It says, "Statement of Rights. Before we ask you any questions you must understand your rights. You have the right to remain silent. Anything you say can be used against you in court. You have the right to consult with a lawyer and have a lawyer present with you while you are being questioned. If you want a lawyer but are unable to pay for one, a lawyer will be appointed to represent you free of any cost to you. If you decide to answer questions now without a lawyer present you still have the right to stop answering at any time. You'll also have the right to stop answering at anytime until you talk to a lawyer." Do you understand all that? Do me a favor just initial next to each one and all that's indicating is that you understand. Hang on to that pen. Just down here it says, "I understand each of my rights and am willing to make a statement and I am willing to make a statement without a lawyer present. No promises or threats have been made to me." Is that right? If you want to talk to me, sign right there. All I'm doing Lemaricus I'm just writing...what do you go by do you go by Marcus or...

LD: Marcus...(unintelligible)...

RF: You want me call ya...what...what can I call ya?

RF: Marcus okay. Let's see it's 1/11/07 at 16:15 pm...(pause)...okay. Marcus I guess you...you probably know why you're up here. It...we're not...we didn't go through all that for a simple driving charge. Um...it's as I told you before when we first started this is all you have on you and I ain't lying to you okay, you don't know me from Adam. I understand that, I don't know you okay but while...when I talk to you I ain't gonna...I ain't...I'm never gonna lie to ya. Okay. I'm gonna be straight up with you. There's no warrants on you for this instant. Okay. The reason I'm here to talk to you and have been wanting to talk to you is to get the truth of what happened. Okay.

LD: So you the dude from...calling today?

RF: Yeah.

LD: You the guy...(unintelligible)...

RF: I'm Ryan Flores. Yes sir. I talked to Daphne last night and she give you my number and you never even called me. And it's because of you that I stayed here at this building until 2:00 o'clock this morning just looking at this phone waiting on you to call me.

LD: ...(sniff)...

RF: Okay. Now and all I want today cause I just want the truth alright. Everything else we can work out. What's done is done right. And we're gonna get to the bottom of it and we're gonna get the truth and we're gonna move on. Alright. I ain't mad at ya for anything that's happened. I ain't mad at ya for today, I'm not mad at ya for last week...

LD: ...(sniff)...

RF: ...I ain't mad at ya from 10 years ago. Alright. Like I said, you don't know me and I don't know you.

RF: ...(unintelligible)... I don't know what's gonna happen with that alright. And I'm being straight up with you. I don't know what's gonna happen with that. You're not charged with it right now. At this very second you're not charged with it. But the best thing for you to do is be truthful with me and tell me what happened so I can understand. Okay.

LD: I don't even know what the fuck happened alright.

RF: Well I just want to know what you know. Alright. That's all I want today is to find out what you know...

LD: ...(sniff)...

RF: ...about what happened and lets get beyond it alright. You want to do that?  
...(Pause)...we've spent a lot of time trying to figure it out and we weren't there. We don't know we can...all we can do is guess and speculate what happened.

LD: So what you think happened?

RF: No, I don't know. That's why I...there's so much stuff buddy I'm...I'm tell...I've been awake for three days. My mind is so fried right now I couldn't tell ya what I had for breakfast two days ago. That's what I...that's why we got you up here is we want to know...

LD: ...(sniff)...

RF: ...and it...it's like you said, it's your house...(unintelligible)...

LD: I don't even know what the fuck happened in my house though man.

RF: What's that?

LD: I don't even know what happened in my house.

RF: I want to know what you know. If you don't know anything about it, well you don't know anything about it. But obviously you knew something. Okay. So let's start from the beginning.

- RF: Just tell me what happened. What...what you know. If you didn't have a part in it, you didn't have a part in it. But I gotta know something. There's too much that we do know for you not to know nothing. You know what I mean?
- LD: I ain't saying I don't know nothing but I'm...(unintelligible-crying)... all this shit happen in my house dude.
- RF: Your...
- LD: I mean...y'all in my house...I'm looking at TV and god dammit, y'all in my house so god dammit, how's fucking me talking to you gonna help me?
- RF: You...(unintelligible due to both talking at once)...
- LD: ...(unintelligible)... hell naw, I'm a convicted felon...I'm a convicted felon. I had gun my no shit...I had a gun in my house, y'all found that. I had scales in my house, baggies come on be real.
- RF: Scales and baggies I don't care what that's about. The gun, me personally, I care less about okay. Right now that's not my concern.
- LD: ...(sniff)...well that's what I'm worried about cause that's what I...that's...that's...that's...that's what I'm owning up to that's what I...that's what I know is mine and I know I had something to do with is that right there. Selling dope, that's what I do sell dope. I don't kill people though.
- RF: And...and right now that...selling dope I can care less. I'm a major crimes Investigator. I'm not a narcotics officer okay. And this...the point of...how can you sit in here...you tell me what you know, how it gonna help you. All...whatever you tell me can help you. The more you tell me can help you. Because like I said, we have to speculate...we have to take words of...of...of...of other people.
- LD: ...(sniff)...
- RF: Of...(unintelligible)... what...what's your brother's name?
- LD: I'm gonna tell ya this right now.
- RF: Latavis?

- LD: Letalvis. I'm gonna tell you this alright. The...the neighbors said they saw the mother fucker leave in a hurry on the news right. It wasn't me cause I wasn't...I had...I hadn't...I hadn't been back to my house since like Friday night. Alright. So the people that they saw leaving is...was my brother and them. You see what I'm saying I ...I ain't had no reason to run if ain't done shit. See what I'm saying.
- RF: Then why are you...why are you hiding?
- LD: The reason why I'm hiding now is because god dammit you would too...you would hide too.
- RF: No I wouldn't. I'd come up and say take whatever you want from me.
- LD: ...(unintelligible)...
- RF: Talk to me, polygraph me.
- LD: ...I ain't looking at it like that. It's my brother God dammit. I just don't...I don't...I really don't understand what's going on myself. I mean so and then all I can think about was...is shit being in my house man. Y'all found a body in my house man. Regardless of what the fuck I say, y'all found the body in my house man...and there was a gun and I'm not stupid...I'm not stupid man.
- RF: I'm...
- LD: I'm not stupid.
- RF: We never said you were stupid. You're obviously not stupid. You're obviously...you're upset...you've got a conscious. Okay. You're not some piece of trash here that don't care about other people. It's obvious you care cause you're...you're...you're...you're crying. You got some emotion.
- LD: ...(sniff)...(sniff)...
- RF: But ya...ya...you know something.

- LD: ...(unintelligible)... I can't...I can't just...
- RF: For two reasons you need to get it off your mind. For one, to help yourself and for two to relieve that pressure on your heart.
- LD: ...(sigh)...(sniff)...
- RF: Okay. It...you may not think it when you're out there and you're being cuffed and being on the hood of that car and all those people being mean to ya, I was the first to ya tell you to calm down, just relax everything is gonna okay.
- LD: ...(sniff)...
- RF: But this is the opportunity to tell your side of it...what parts you know. Like you said, you're all over the news the entire community has conjured up this vision in their head of what they think happened. We've come up with our...
- LD: ...(sniff)...
- RF: ...our version of what we think happened. The neighbor think up their version of what happened. There's only three or four...
- LD: ...(sniff)...
- RF: ...or five people how many other people know what happened in that house and it's their responsibility to tell and get the truth...
- LD: ...(sniff)...
- RF: ...so nobody speculates. Nobody is making up their own stories. Obviously something bad...terrible bad went wrong in that house. And all I want is the truth.
- LD: ...(sniff)...(sniff)...I ain't saying that I ain't gonna tell you I mean what happened or whatever man just I'm...I'm just...I'm just looking at God dammit...(sigh)...
- RF: You got a decision to make. I know. That's a rough one.
- LD: Not really cause I didn't have shit to do with it. I mean it ain't no hard decision it's just that if I tell you I mean what I know. What good am I...I mean shit. I'm gonna...

- RF: What good are you?
- LD: I'm gonna to jail...I'm gonna jail regardless. I'm gonna go to jail anyway. Regardless of what you say or what you talking about, I'm gonna go to jail anyway. Either for accessory for this shit or y'all...it's gonna get pinned on me. Either...either the one or the two.
- RF: But let's...okay...we'll look at it this way, there's more than just two. There's more than two options. Okay, it's not just accessory or pinned. You've got accessory if you own up to it, pinned it on ya that means we take all our evidence and pin it on ya that's all the evidence we have okay.
- LD: What I'm saying...that's...that's...y'all can stick me with it that's what I mean by I...whatever I mean.
- RF: Well that's...I'm...and I'm just using your terminology what...what I 'm saying is we prove not stick we...we prove with the evidence we have okay. Or we prove that you weren't involved but you...you had knowledge of it or ya...you tell me the truth and we work with you.
- LD: How can you work with me on two murders man? How can you work with somebody on two murders?
- RF: ...(unintelligible)...
- LD: How can... how can you work with me on that? Look at me and tell me how can you work with me on two murders man that I know about.
- RF: Well I.... I can...
- LD: How can you work with me on that?
- RF: ...I can go and I can say, "Well Mr. Attorney General...uh...he's a liar and this is why and he continued to lie to me all day long and he's gonna deny it and we...we'll prove our case and we'll let 12 people judge this man who we can prove's a liar." Or I can say, "Mr. District Attorney, Mr. Judge, this man...this is what he said and it cooberates all our evidence. He's honest, he fessed up to what part he had it these two deaths." And their gonna go, well, liar or somebody that was a man that fessed up.

RF: What would you do?

LD: ...either way it go I'm going to jail regardless. Either one of them you weigh it down more. Either...either...either for life God dammit or for 25 something years. That still life so. That's what I'm...that's what I'm trying...that's what's going through my head. I'm not...I'm not...I'm not listening. I'm...I'm not...I been in...I been in jail for six years dude.

RF: I know. I know.

LD: I've been in in prison for six years. The law book and all that shit. I done read all that shit alright.

RF: I understand that.

LD: I'm not stupid or nothing. You hear me.

RF: I never said you was.

LD: And I'm not trying to...I'm not trying to...to use nothing for my leverage or nothing I just want them mother fuckers to know I didn't do nothing. I had nothing to do with it. Nothing to do with a mother fucker getting killed man. That's what I want to...(unintelligible).

RF: That's...and that's what we need to discuss. You need to tell me what you know. I'm...I don't want to sit here and put words in your mouth Lemaricus. I don't want to say, "well look you know this and that and I know you did this." I want you to tell me what you know about it. You see what I'm saying? I don't want...I'm not...I don't want to try to pull stuff out of ya and pull the wrong information. I want you to tell me what you know. Ya...from your own knowledge. And that can only help you at this point okay and I'm being brutally honest with you. That can only help you.

LD: ...(sigh)...

RF: By you telling us what you know.

RF: Maybe there's a reason it's there other than what we think. Maybe it's there for the reason we think but the only way we're gonna know is if you sit and tell us the truth.

LD: ...(sniffle)...

RF: Another thing to think about is...of course we've been working extremely hard, we've had several investigators for a long time since...since Sunday or I think it was.

LD: ...(sniffle)...

RF: And we have compiled a lot of information a lot of evidence a lot of statements. From all kinds of people okay. And that's why...the reason I'm telling ya that is cause I don't want you to sit here and...and try to...

LD: ...(sniffle)...

RF: ...to hoo do me and lie to me. I want you to just be honest as you can with me and let's get through this and let's get it through together.

LD: ...(unintelligible)...

RF: You ain't done nothing stupid. You...you stayed away from the police. You didn't run from us. When we found ya you give yourself up.

LD: I wasn't trying to run...

RF: I know.

LD: ...I was just trying to go from...I was just trying to go man and get me a lawyer.

LD: Okay. On the day I can remember man. I don't...I don't remember what day it was or whatever. Daphne asked me did I know anything about a dead body across the railroad track. So I'm like, "no I didn't...I don't know nothing about a dead body." So after that I went around asking mother fuckers. And then that's the neighbor Rhonda...(unintelligible)... I told...I asked her did she know about a dead body across the street or across the railroad tracks. She said, "no I ain't" it was the first time she hear about it. So another dude that stay around the corner from us named Bradley, I asked him the same thing. Naw, he said, "Naw I ain't heard shit." So my brother pop up with a truck. LD: Um...it was over there. And that's all I can remember right now that I went to. But I drove it and then after the fact they started acting funny I parked the car...wiped it down and parked it. Put it like at the end of my street alright and told my girlfriend to come get me...told Daphne to come get me.

RF: Okay.

LD: ...(cough)...as I'm walking out the house to leave and am I coming right back and I mean so I said I'm coming right back. So as I'm leaving my phone ring and it's Rhonda telling me that the police is down at the end of my street. So I'm thinking like I gotta...I gotta run already. I don't know nothing else just simple traffic or whatever but I don't wanna go to jail for nothing. So I leave...I leave out my house...go down the street to Rhonda's house and sit on the porch. And there's some people that's...um...that was...uh...at Rhonda's house that was at the...uh...sitting in front of me and in the red car and told me the police is down there too. So I just got up...smoked me a cigarette...got up walked to Daphne's car that was found over there. I mean I don't know if y'all...her car was over there. I got in her car and told her...I mean waited on her to come...come and got me. From that point on I talked to my brother twice.

RF: When did you talk to him?

LD: I talked to him the following day after...uh...I came...tried to come back to my house and get like...and get some more dope and shit and when I was coming down Cherry Street I saw all these people. And I was like, "damn man." I kept going...I ain't come on...I didn't turn on my street...turn on my street. We kept going down the street behind my house. And I saw all those police cars and all the other shit. So I'm thinking like, "Damn, I can't go to my house." I still know...I still know about the girl or none of that shit yet. And...(unintelligible)...

RF: ...and that's when...

LD: ...but this when...this when I was just fucking with my gun it was Sunday not Saturday. Alright. Cause...yeah Saturday...Sunday. Anyway I...all this shit...all them little bullets and shit is in there. I put my gun in my pocket.

RF: Why did you unload your gun before you put it in your pocket before you left?

LD: Because I ain't need...I don't need no bullets. I mean I don't need no...see...I got the gun so if somebody break in my house and...

LD: ...somebody had broke in my house like twice and stole some money and wrote nigger all over the wall and shit like that. And I mean so I...that's why I got that gun for that purpose. But I don't...I mean I don't need no gun you know what I mean. I just...I emptied the gun out and what made me take the gun with me was the one bullet thing missing. So evidently y'all been shooting my gun without me knowing it. Cause I ain't...I haven't shot it except on the new...on New Year. And I cleaned it and put up...and put a...all the bullets in there, you see what I'm saying. And I put in on top of the thing. I know I hadn't fucked with it since then.

RF: So Saturday it was fully loaded and Sunday you wake up and there's one...just one bullet missing.

LD: Yeah.

RF: That's...or one bullet's been fired from your gun...

LD: Yeah.

RF: ...on Sunday.

LD: Yeah.

RF: So you take the bullets out...you left...you dumped 'em out in your little...

LD: ...(unintelligible)...

RF: ..jewelry...jewelry box looking thing on your shelf...

RF: Why him and G...what did they say? How do you know they had something to do with it?

LD: He told...he told...my brother told me. He told me god dammit that bro... man shoot. I've been pressuring the mother fucker to do this shit...do something...he just said, "man I went out trying to get some money and god dammit it went wrong." That's all he said. I was like, "what you mean it went wrong?" He was like, "well, man shit you know what's up." I was like, "so who did it, bro?" He was like, "man whatchacallit had to step up and do something." So I took that as he the one that did it. You see what I'm saying, that's what it mean. I mean it's common...I mean it might be street lingo to y'all but that's what it mean.

RF: Well I understand it believe it or not...(laughs).

LD: So...and I was like man and I hung up the phone and I said, "man let me call you back" and I hung up the phone and called him from a different number. And when I called him from a different number that's when I knew...I mean I had to god dammit get away and try to prove that I ain't had nothing to do with it cause he left. He left...he just left...dude just up and left man. See what I'm saying. I didn't no shit about no girl or nothing until it came it on T.V. I'm taking it in as they taking it in...they looking at me like. And that's why I had to leave from over there. See what I'm saying.

RF: Um hrm.

LD: Cause...

RF: You blame 'em?

LD: No I don't...I don't blame 'em but shit...I didn't...I'm trying to tell them. I...I mean...I don't know what to do. I promise I don't man.

RF: And that was...let's see...Monday you went to Target at East Towne...is that...you weren't obviously there for 12 hours, where was you at...where was you at on that night?

RF: What would make them stand out that you'd never forget 'em?

LD: This shit right here. It would jar...it would jar my memory back god dammit and I would know if she had came to my house before and...or...some shit like that. And they ain't one of 'em never been to my house before. And I only have a certain...I only have a certain kind of like...I got seven different chronics that come to my house. And that's it. LD: What...what they saying.

RF: I understand, but that's what I'm talking about, cooperation. They're up there cooperating. They're up there doing the right thing. So far your holding stuff back, you may even fibbed on a thing or two during this interview.

LD: ...(sniffle)...no I ain't fibbed no shit.

RF: You're holding a lot back.

LD: I'm holding a lot back though cause I don't want...I mean...man I'm...

RF: Like...like I told you in the beginning...

LD: ...listen if I tell you what I know...if I tell you everything that I know...exactly how it happened. I'm gonna be accessory to the shit regardless dude. I'm gonna be a...accessory to it...all this cause I knew this shit went on and I knew what happened.

RF: Well...and that's what I need to know. You hold stuff back; you're still an accessory. You know it happened before or after the fact, you're still an accessory whether you tell me or not. RF: The only person that needs this interview is sitting in that chair right there where you're sitting. You're the only person that needs this. You're the only one in this entire building that needs this interview. Cause you're a...you're already an accessory. You're already a convicted felon with a handgun. Okay. That's stuff...that's...it's already in the books it's...it's there its already happened and all we can do now is work with it and fix it to make it better. Cause it can only get worse from here. With you holding back, you know I can take what I got and go. With you holding back on it is not making it any better. It's not making you less culpable in these series of events. You holding back does not take the responsibility off of you. You holding back makes you look guilty. You see what I'm saying? The only thing that can help you right now is the one hundred percent truth. And I...it may be hard from now on it you're gonna tell me what happened. You're gonna tell me every detail and it's gonna be hard, trust me. But it's got to be done. It's got to be done in order to help yourself.

LD: Can I talk to Daphne?

RF: We'll get to that...we'll get her. I'll get you a phone and we...we'll try to call her. Okay. She can't help you out of this.

LD: I...

RF: She...she...she tried to help you last night.

LD: ...I know she can't...she can't...she can't help me. I just want to talk to her man.

RF: And we'll...we'll get you...we'll try to get you a phone call and we'll let you call her in a little bit. But right now, we need to focus on much more important stuff. But holding back isn't gonna get this...this isn't a dream, this isn't gonna go away because you don't say certain stuff.

LD: Dude I'm not...you...man I'm...I'm...I know that man. You not telling me shit I don't know dude. You not telling me nothing I do not know. LD: I know...I knew that man...I knew that when y'all...I mean...went in my house I knew that I was going to jail for having that gun. So I mean like am I...I'm looking at some serious time for that semi automatic gun.

WW: And like he was explaining to ya...you're hear to help yourself right now. When it comes time for sentencing...we don't sentence you, we don't do that that's not our job, our job is here and getting the truth from you. That's our job. We get that truth and we tell the judge what the truth is and the judge makes the decision of what happens to you.

RF: ...(unintelligible)...

LD: I'm not...I'm not trying...I don't give a...I...that's not what I'm concerned about. My concern is how do the fuck does this look man. You see what I'm saying. And y'all in my house that's all I'm saying man.

RF: And that's why you're up here. Marcus that's exactly why you're up here. It looks bad. But as they say, looks can be deceiving. You know.

LD: That's...everything I told y'all was the truth man except god dammit me seeing the people and me knowing they was there. Cause I did you know what I mean. That's why I left man. I knew god dammit it wasn't...it wasn't like Saturday or Sunday man. I think...they...they did this shit like Friday...Friday night at some apartments. They caught 'em at the...some apartments man. They got...they brought them to the house and everything. You hear me. Took dude's wallet and everything got his money and all that shit. You hear me. And the reason why he did is because I told...I mean I'm on his ass about, "man you gotta do something my nigger you hear me, you gotta" I mean he ain't been doing...I mean not getting money you hear me. So you gotta do something. And that's part of why I feel like it's my fault cause I...I pressured that man into going out there and doing some shit like that. You see what I'm saying.

RF: Now you pressured him to getting a job doing the right thing he made his own decision if that's what happened.

LD: ...(sigh)...

RF: He made his own decision. If what you're telling me is true, it's not your fault.

Aw don't worry about it fool, we got it...we got us a ride. That's what I'm saying. That's what I mean by they...they told me they had a car.

RF: Right.

LD: Alright. I'm asking you how did you get the car. He told me he carjacked somebody. Okay, so where he at, where the people...where the person at? They in the car. RF: I know...I ...I know but think about it before you answer because I don't want you digging yourself in a hole. Okay.

LD: I'm trying to tell y'all the truth man, for real.

RF: You think about it. Like I said, we...we...

LD: Whenever the fuck it happened man...whenever it happened. After they came back that's how I left you see what I'm saying, in the car. See what I'm saying. When they brought the girl up to the house I ain't have no other way to get nowhere so that's how I left...in the car alright. When I got through doing what I had to do I parked the car and that's when I wiped it down you hear me.

RF: Where did you...when you took the car where did you go?

LD: I went to C Hills, I went to...um...Tazwell Pike and I went...like two other places in between.

RF: This was on?

LD: Whatever day it was...I don't...I...I can't remember man. I swear I can't remember. Whatever day it...but it was...it was...I parked the car and wiped it down alright. As soon as I parked the car I went to Rhonda's steps and sat there and wait till...and...and that's when Daphne came and got me. But I went to the...I went back to the house first. I went in to get my jacket, my...uh...hoodie. That's when Rhonda called me on the phone and told me the police was at the end of the road. That's when I went to her house and sat down there and went to the car and wait until Daphne came and picked me up. That's the only thing that I ain't...

RF: No it's not.

LD: What else am I...what else am I leaving out?

LD: No, she already in the house.

WW: Five minutes ago you told us...(unintelligible due to both talking)...

LD: No that's not what I said. I said they brought her in the house and that's how I left because I didn't have no way of leaving.

RF: What about the dude?

LD: He was already gone...dude was already gone. When they...when they left and came back the only person that was with them was the girl. They put...took her in the house. I left, drove off, went to C Hills, Willow Springs, whatever the fuck, Tazwell Pike...couple places in between there, came back, wiped the car off. Went back to the house to get my coat and some more dope. As I'm going out the...out the little screen thing like that we got the...the...the lit...um...(unintelligible)...on the thing as I go out, Rhonda called me on the phone and told me the police was at the end of the street fucking with the truck. I don't...I mean the way I...the way I do my time shit. I don't be looking at the clock and shit. It might be 4:00 o'clock in the morning and the only reason why I know it's that late at night is because it ain't that many cars riding around. You see what I'm saying. I don't just look at the time and just say, oh this...by this time something like this happened or some shit like that. I might not look at the clock man I be running so much I might not look at the clock for a whole six hours god dammit. I be surprised it was this time. See what I'm saying.

- RF: Now when you come back you parked down there...what...do you know what street you parked on?
- LD: It's the second street on Chipman. It's one two, I think there's two streets that run through Chipman. And this goes to the other street on the other side over there. And I parked in the farthest one away from the house.
- WW: Did you take the gun with you?
- LD: Naw. I kept my gun...that's when my gun was on top of the thing in there. I left...I parked the car down there, I walked back. And like as soon as I walked back, man, she...Rhonda was calling me telling me that...that shit right there.
- RF: That the police were down there at the...at the truck? Where was Letalvis and G at?
- LD: When I walked in the house they wasn't nowhere...I ain't seen 'em. I just saw Nessa cooking.

RF: Did Nessa say anything to you?

LD: Naw. I told her I would come lock the door.

LD: Yeah.

RF: And Letalvis brings this...this...this girl in with G and Nessa...

LD: That no...

RF: ...Nessa's cooking?

LD: Yeah, but Nessa's not my brother's girlfriend though, you feel me. She just somebody he fucking. She not a girlfriend. She...the only reason why she came down here is because she got in trouble with some...she had a assault charge in Kentucky or something. That's the only reason why she came down here cause she didn't want to get in trouble or whatever. She running or whatever. That's the only reason why she came down here.

RF: Is she...you know if she still here or is she gone?

LD: She gone. She left with them.

RF: Oh she's gone with him? And they left, what Monday you said?

LD: The day before that she came on the news man. My house was on the news, that's when they left.

- RF: Well you didn't...you didn't grab her...her bare arms or anything like that to...to move her or anything like that?
- LD: No. She grabbed me though. She touched my arm. That's how she got my attention and started talking to me.
- RF: And you said when they're in the back of the car they was tied up. Do you remember how she was tied up?
- LD: Yeah...(unintelligible)... dude was...dude was...both of 'em had they hands behind they back I think. Cause dude was like she was on his ass. And I think she had her hands behind her back too. I think so.

- RF: Do you know what color pants she was wearing?
- LD: Some jeans.
- RF: Blue jeans?
- LD: Yep. Wore some blue jeans...she had on some blue jeans and I think a striped shirt, a different color shirt.

LD: They took her to a neighbor. When she was coming in, they took her to the...uh...back room. I walked in there...walked in the kitchen...my...my living room area...my kitchen right here, here's a room, my brother room right there.

RF: Right off the kitchen?

LD: Yeah.

RF: Okay.

LD: So I'm looking...I'm looking, she sitting on the bed. They just leave me in there...I'm just telling her they just leave me in there. So I...I go that way to use the bathroom. That's when she told me she...she didn't want to die and shit. Cause I ain't said shit to her the whole time. I...I mean...

RF: So she didn't say it as she walked in, it was when you walked by her?

LD: Yeah.

RF: And she was sitting there on the bed. Was she tied up then?

LD: She wasn't tied up or nothing.

RF: So you just walked right on by her and went in the bathroom and she said, "I don't want to die?"

LD: Yeah.

RF: Is that when she grabbed you when you walked by?

LD: She...she...what she...what she said was, "am I gonna die" and "I don't want to die."

RF: Where...now...she was...you said they left her...where did...uh...G and Letalvis go? They just left her in there. Where...where were they at?

LD: G was sitting in the kitchen. G was watching her, you know what I mean, but they just left her in the room. G was in the kitchen; my brother was in the living room. I don't know what he was doing in the living room. But he wasn't in the kitchen cause when she asked me that and we started talking I looked back and saw G and Nessa that's all I saw. And so...(yawns)...I use the bathroom and came out and my brother wasn't in my room, so the only place he could have been was in the living room. And so when I walked out of my room, both of them was in there with her, so.

WW: What were they doing?

LD: They was just...they were...my bro...G was right here, she was sitting on the bed, G was right here, my brother was right here and it seemed like they was just talking to her. But they wasn't...they wasn't moving or nothing you know what I mean.

RF: Do you know what they were saying to her?

RF: Well...and I'm just...I'm just doing this to clarify for...for me...you said you had no contact with her other than her grabbing your arm or brushed up against her.

LD: Yeah.

RF: Did you ever have sex with her?

And I walked from my house to her mother's house, past her mother's house to off of...uh...Fairmont. And she got a friend named Taylor that stay...that stays right behind that church right there. I just made a big ass u turn...big ass u coming around...come down the street right after Broadway on this...on this side right here. I don't know the name anyway. I walked to her house, to Taylor's house and back to my house. And each time that I did that it took me like three hours, two or three hours to do that. Cause it's a long ass walk. But...but Ta...Tay...

RF: ...(unintelligible)...

LD: ...but...but if y'all don't believe me, Taylor mom pulled up...I talked to Taylor's mom and everything cause her boyfriend's just...uh...stole her car and shit. And...uh...was...I guess they thought I was him and she pulled up on me, her and Taylor and Taylor was going in to get her...get the rest of her stuff out of the house. RF: The gun we got?

LD: Right.

RF: The gun that you had with you today?

LD: The revolver.

RF: Well, what are they saying on the news, I...I ain't been home in a week, man. What are...what...what are they saying on the news.

WW: Here's the problem I have. You sitting at the house...

LD: Yeah.

WW: ...your brother pulls up in this truck. The dude's in the truck and your brother leaves and dude doesn't come back. Your brother comes back with the girl and they go in the house. And you leave out of the house and your gun is sitting up on top of that entertainment center?

That's where I kept my gun. So if I know it's up there I ain't fittin to fuck with it. I ain't go and check and see if it was there, I mean. The only time I went up there and grabbed my gun is for...for me cleaning it. I left it up there...(coughing)...when I got it down it was missing a bullet.

WW: When did you get it down?

LD: When I left.

RF: Sunday night?

WW: ...(unintelligible)...

LD: The only reason why I did that man is cause I mean...that's what I did in Memphis anyway, is rob mother fuckers.

You know what I mean I had those guns in my house and I admit...I'm admitting to that. The rest of that shit, man.

WW: Don't look at me like I'm stupid, but I'm gonna go back for one more thing. I'm...I'm still not clear on. They come back to the house...

LD: Um hmm.

WW: ...and you leave out of the house with her car...I'm not sure if it's her car or his car...but you leave out in the truck...car truck. And you go service people and it's at night right? Cause it's late when they show up so this could be late Friday night or early Saturday morning when it's still dark out right?

LD: Yeah.

WW: You go service these people in C Hills, Tazwell Pike, and what was the other place?

LD: ...(unintelligible)... Whittle Springs.

WW: Willow Springs. You get done servicing these people and you come back and you park, what a block up, where did you park?

LD: About two blocks up.

LD: When I got out the car, wiped the car down, came to the house, my phone ring and she told me...

WW: No...no...now slow down...slow down. You come back up to the house?

LD: Yeah.

WW: Nessa's in the house cooking?

RF: Marcus I'm gonna ask you something...uh...to do something for me and I'll explain it to ya, okay. This is voluntary consent, do you know what that means?

LD: Yeah.

RF: Okay, it says, "I Lemaricus... (unintelligible)... Davidson" and that's your date of birth, "6/13/81, having been informed of my constitutional rights not to have seizure of pubic hairs, head hair, a saliva sample without a search warrant or other court order hereby authorize" me, "Ryan Flores" and I'll fill that in when I find out who the crime lab person is, "officer's of the Knoxville Police Department to obtain and seize pubic hairs, head hair and saliva sample from my body. These officers are hereby authorized to take the aforementioned hairs and saliva with my permission. Direct permission is being give to...given by me to the above named officers voluntarily..."

LD: I still don't...I still don't want to do that without a lawyer man, because.

RF: So you're not...you don't want to give me permission?

LD: I'll give you permission to...you....you can do it...you can do it and...and do all that shit. I give you permission but I'm not fittin to ...I'm not fittin to let nobody else do it.

RF: Well see that's the thing, it's...it's our crime lab guy. I'm not authorized to do it. I can't take it...I don't have the...(unintelligible)...

If...if you don't want to give me consent and...and it's like I said, I can't be the one to take it. I can have our crime lab guy come right in here and do it. But if you want a lawyer, that's...that's...that's up to you.

LD: Alright, if...if you do it like that then can you stay in here while he do it?

RF: Yeah I'll be right here.

LD: Can you watch him the whole time while he doing this shit?

RF: Yeah...yeah...I won't leave.

LD: Then I don't have no problem.

RF: The only time I leave is to go get the person to do it.

LD: I don't have no problem doing it then.

RF: ...(unintelligible)...

LD: As long as you stay in here and...and...

RF: Ain't...ain't...ain't nobody gonna come in here and do anything to you, alright. Except this guy he's gonna take...whatever he does and this is the reason they do it because I wouldn't no where to start. And I think its just take a little hair...

LD: So how...how much time am I looking at, federal? ...(unintelligible)...

WW: It all depends on what you get charged with.

RF: ...(pause)...we'll just do away with this.

LD: Why is that.

RF: We...we ain't gonna take it right now. So we're just not gonna take it right now. And that solves that little problem.
